Media

PINSYS-2482 Support additional media types in schedule import template

A new option to import schedule lines is available and enables you to use a single template for additional media types, including Newspaper, Magazine, Cinema and Outdoor. Below lists the changes made to support the update:

- On the **Import** tab of the Media Campaign page (**Media > List Campaign**), a drop-down has replaced the **TV** link option in the **Upload Excel Schedule (Multi-Month)** section. It includes all available media types.

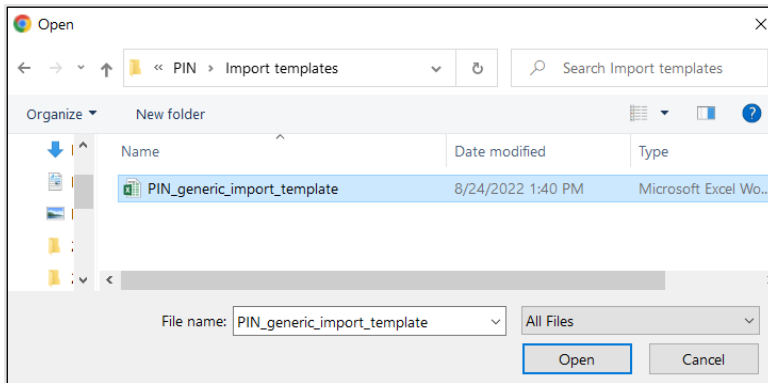

- A new import template is available to import schedule lines for specific media type options, including Newspaper, Magazine, Outdoor and Cinema. Click [here](#) to download the new template, which shows the required fields in red for each media type.

To upload the new import template, follow the steps below:

- On the **Import** tab of the Media Campaign page, select a media type from the **Upload Excel Schedule (Multi-Month)** drop-down, then click **Import**.

- On the import page, complete the **First Date**, **Country** and **Schedule** fields, then click **Choose File** to display the **Open** window.

- Select an import file, then click **Open**.

4. Click **Validate File** to display the schedule lines on the import page.

HK1/TEST1/2200363

File Date: 25/09/2022 Country: Australia Schedule: 781452201415

Choose File: No file chosen Validate File: Upload Schedule plan

Schedule HK1/TEST1/2200363 created successfully!

5. Click **Upload Schedule plan** to complete the process.

NOTE The update does not impact the existing import template and functionality, which is still supported.

PINSYS-2912 Display available materials by media type

When editing schedules that include media titles across multiple media types, the **Materials** drop-down now only displays the available materials for that media type.

In the example below, the **Materials** tab for the selected campaign includes materials for Digital, Magazine, Newspaper, Outdoor and Radio.

Start Date	End Date	Ver.	Material Name	Media Title	Dur(s)	Code	Target	File Type	Material Image	Booking Deadline	Material Deadline	Censorship Deadline
Digital												
02/09/2022	31/12/2022	A	Test_Digital_Material_A	8Cars.my	0							Edit Delete
Magz												
02/09/2022	31/12/2022	A	Test_Magz_Material_A	3C Digital	0							Edit Delete
Newsp												
02/09/2022	31/12/2022	B	Test_News_material_B	Adstream Cost	0							Edit Delete
Outdoor												
02/09/2022	31/12/2022	G	Test_Outdoor_Material_G	_Plusliner	0							Edit Delete
Radio												
02/09/2022	31/12/2022	A	Test_radio_Material_A	988 FM	0							Edit Delete
02/09/2022	31/12/2022	D	Test_Radio_Material_D_1atest	988 FM								Edit Delete

When you add or edit an insertion, only the materials for that media type are available from the **Materials** drop-down. The example below is of a Newspapers insertion.

Insertion Detail - Adstream Cost

PINSYS-2937 Resolved Print MR issues

On the Media Schedule page, when printing MRs, documents generated as PDF and Excel files display an agency logo and the correct issue date and ad version.

PINSYS-2955 Discrepancy between TV Expenditure report and Media Sales report and schedule data

A discrepancy between the **Buying Cost** values on the TV Expenditure report and the Media Sales report and schedule data has been resolved. The TV Expenditure report now displays the correct cost values and populates the **Seconds** field.

PINSYS-2957 Resolved Change Layout error message

On the Media Schedule # page, you can now change a schedule layout without the system displaying an error message. When you select **Change Layout**, you can now make the following changes:

- Week layout to Day layout.
- Day layout to Week layout.

NOTE The update applies to both traditional and intercompany workflows.

PINSYS-2964 Error when creating TV schedule

An issue that caused a **Nothing selected** error message to be displayed when creating a TV schedule with the **ASF** field set to **ASF_Tax**,

The screenshot shows the 'New Schedule - Step 1 of 2' form. At the top left, a red box highlights the error message 'Nothing selected'. The form contains several fields and options:

- Client Name:** (empty)
- Sold To Party:** (empty)
- Serviced By:** Demo TH
- Client Currency:** MYR
- Vendor Currency:** -- use default --
- Product Name:** AB82-AP-BN
- Period:** 12/08/2022 to 31/12/2022
- Client Tax %:** 7.00
- TV:** CH3
- Sub-Category:** Free to Air
- Vendor:** (dropdown menu)
- Fee:** (dropdown menu)
- Target Audience:** ADULTS 15-34 ALL SES (07/03/2022)
- Survey Period:** 01/06/2022 to 30/06/2022
- ASF:** ASF_Tax (highlighted in a yellow box)
- Buttons:** --> Create TV Schedule

The error message is no longer displayed, and you can create a TV schedule successfully.

Traffic

PINSYS-2951 Job Reports – Job cost summary with details option issues

On the Job Reports page (**Traffic**> **Job Reports**), the following issues related to the **Job cost summary with details** (File name: **Jobcost_detail**) option on the **Report Format** drop-down have been resolved:

- In the **AP Inv** column, the PICN (purchase invoice credit note) displays a negative value, and reversals show zero value.
- Credit note values display in the **Invoice** column.

NOTE The change does not affect the **Excel Export** option, which continues to include summary-level data only.

Finance

PINSYS-2961/MOSUP-18750 Credit note Accrued Cost column issue

When creating a credit note for an invoice with \$0 accrued costs (no buying costs), the **Accrued Cost** column now shows the correct reversal amount, or the column is blank. Previously, an issue caused the column to show the client cost.

Admin

PINSYS-2882 Display T&Cs by media type on schedules/estimates

An option to display terms & conditions by media type on schedules/estimates is now available. Previously, an administrator could only add terms & conditions across all media types at the division level on the Corporate Info page (**Corporate Info** > **Corporate Info**).

To assign T&Cs by media type, follow the steps below:

1. Navigate to the Corporate Info page by selecting **Corporate Info** > **Corporate Info**.
2. On the page, click the division to modify.
3. On the Edit Corporate Info page, select the **Corporate Info** tab, then enter specific T&Cs by media type in the **Media Schedule** text box,

- a. Type **<Media Type>** T&C text **</Media Type>**, then enter the terms for that media type. The table below shows the media types supported and corresponding codes to enter.

Media type	T&Cs code to enter
TV	<TV> T&C text for TV schedules/estimates only. </TV>
Radio	<Radio> T&C text for Radio schedules/estimates only. </Radio>
Newspaper	<Newspaper> T&C text for Newspaper schedules/estimates only. </Newspaper>
Magazine	<Magazine> T&C text for Magazine schedules/estimates only. </Magazine>
Digital	<Digital> T&C text for Digital schedules/estimates only. </Digital>
Cinema	<Cinema> T&C text for Cinema schedules/estimates only. </Cinema>

Media type	T&Cs code to enter
Outdoor	<Outdoor> T&C text for Outdoor schedules/estimates only. </Outdoor>
Search	<Search> T&C text for Search schedules/estimates only. </Search>
Tabloid	<Tabloid> T&C text for Tabloid schedules/estimates only. </Tabloid>

* Anything outside the code box will not be visible on schedules/estimates.

- b. If you enter specific T&Cs for one media type, you must enter them for all media types – even if the T&Cs are the same.
 - c. If you don't add terms by media type, the general terms apply to all media types.
4. When finished, click **Update**.

NOTE This change applies to the schedule grid layout only.
